Chocolate...

THAT MAKES A DIFFERENCE

What company donates all its profits to charity? And what company has people that work for free?

Bellafina Chocolates is on a mission to help children threatened by disease, poverty, abuse, or neglect. This Kingsport company makes some of the most delicious gourmet chocolates you've ever tasted. And they ship these chocolates across the country for corporate gifts, personal gifts, and special events.

All Bellafina Chocolates are made fresh to order with fine chocolate, fresh cream and butter, and natural ingredients like fruits, nuts, and even moonshine made right here in our region.

Bellafina Chocolates can personalize boxes of their amazing chocolate truffles with a company logo, photo, or other artwork for a truly memorable gift. "Companies love giving our chocolates to their customers," says Brenda Barnicki, founder of the company. "It's a gift that gives back!"

Bellafina Chocolates can be ordered online or in their shop at 123 Cherokee Street in downtown Kingsport.

What a sweet way to give back!
